**Fecal Exam and Heartgard dose will occur at either the 6-7 or 8-9 week age, depending on age of first vaccination.

***If your puppy's first vaccination is at 8 weeks of age or older, he/she will receive one less Distemper Parvo vaccination, deduct \$26 from your package price.

Your Puppy's Sex and estimated Size at 16 weeks (time of surgery)	Non-Package Price	Package Price	Your Savings
Male<45#	\$554	\$417	\$137
Male>45#	\$571	\$429	\$142
Female<45#	\$577	\$432	\$145
Female>45#	\$593	\$444	\$149

Example: Your new puppy is a Labrador retriever, will weigh more than 45 # by 16 weeks, she receives her first vaccination at 6 weeks old, and is a female.

1. Your total cost (no package) for her 6, 9, 12, and 15 week visits would be \$593.
2. By purchasing the package your cost is \$444.
3. So you save \$149.

Remember ...

For spays and neuters, we recommend pre-surgical blood work (decreases risk of anesthesia) and using the RSM / laser (less pain, faster healing). If you choose those services for your puppy, we will add them to the package at 25% off.

We do offer 25% off microchip as well.

**Payment can be at the time of purchase, or we can set up a monthly payment plan through ACH withdrawal for up to 6 months. There is a \$35 enrollment fee for this option that is due at the time of purchase, along with first months payment.*

Package prices expire 6 months after purchase
